

CIS 350 – Weekly Meeting Minutes Template

Hold a team meeting at least once a week in some format. Copy the template below into a new document, naming it CIS350-YYYY-MM-DD (replacing the appropriate date fields). Commit it to “meetings” folder of your project on GitHub. There should be a unique document for each meeting held.

Project name: Chutes and Ladders

Members present: Garrett, Josh, Landon

Date:1/29/25

Time: 11:00 am

Discussion points:

- What we accomplished this past week
- Decided a png for the board gui
- Decided to switch to using PyQt6 instead of PyQt5

Goals for next week (include responsibilities):

- Landon continue to work on backend for GUI
- Specifically setting up the board grid and defining positions on the board
- Josh work on use case write up
- Garrett continue to work on making a spinner that generates a random number for moving the players piece
