

CIS 350 – Weekly Meeting Minutes Template

Hold a team meeting at least once a week in some format. Copy the template below into a new document, naming it CIS350-YYYY-MM-DD (replacing the appropriate date fields). Commit it to “meetings” folder of your project on GitHub. There should be a unique document for each meeting held.

Project name: Chutes and Ladders

Members present: Garrett, Josh, Landon

Date: 2/21/25

Time: 11:00 pm

Discussion points:

- What we accomplished this past week
 - Added an option to select the amount of players to start the game with
 - Added different colored icons to represent the players' pieces
 - Got the icons to move the correct amount of spaces after spinning the wheel
 - Automatically switch to the next players turn after the previous player's piece has been moved

Goals for next week (include responsibilities):

- Josh will work on the class diagram
- Garrett will work on unit tests
- Landon will work on adding chute and ladder functionality and finishing use case diagram and specifications
